Cloud & Deployment: AWS, Google Cloud Platform, Microsoft Azure, Docker, Kubernetes, CI/CD Pipelines

Hosting Platforms: Netlify, Vercel, Render, Railway, GitHub Pages, Heroku

CMS & E-commerce: WordPress, Elementor, WooCommerce, Custom Theme Development, Plugin Integration

Version Control & Tools: Git, GitHub, VS Code, Chrome DevTools, Postman, npm/yarn

Web Performance: SEO Optimization, Site Speed Optimization, Responsive Design, Cross-browser Compatibility

Testing & Quality: Jest, Mocha, Unit Testing, Integration Testing, Code Review, Debugging

EXPERIENCE

Full Stack Web Developer (Trainee)

EXL Services, Delhi Jan 2024 – Jun 2024

- Completed intensive 6-month MERN Stack training program with focus on industry-standard web development practices.
- Developed and deployed 5+ responsive web applications using React.js, Node.js, Express.js, and MongoDB.
- Implemented secure user authentication, role-based access control, and payment gateway integration.
- Optimized application performance achieving 40% faster load times through code splitting and lazy loading.
- Collaborated in agile development environment using Git/GitHub for version control and code collaboration.

Web Development & Digital Marketing Intern

WashingtonAdvert (Remote) Jul 2023 – Dec 2023

- Developed and maintained 10+ WordPress websites for international clients using custom themes and Elementor.

- Implemented SEO best practices resulting in 60% improvement in search rankings for client websites.
- Created responsive, mobile-first designs ensuring cross-browser compatibility and accessibility standards.
- Integrated Google Analytics, contact forms, and e-commerce functionality for enhanced user experience.
- Managed website migrations, performance optimization, and security implementations.

WEB DEVELOPMENT PROJECTS

E-Commerce Platform — MERN Stack + Stripe Payment

- Full-featured e-commerce web application with user authentication, product catalog, shopping cart, and order management.
- Integrated Stripe payment gateway, admin dashboard, inventory management, and real-time order tracking.
- Technologies: React.js, Node.js, Express.js, MongoDB, Redux, Stripe API, JWT Authentication.

Real-Time Chat Application — MERN + Socket.IO

- WebSocket-based messaging platform with private chat rooms, real-time notifications, and file sharing capabilities.
- Implemented user presence indicators, message encryption, and responsive UI for seamless communication.
- Technologies: React.js, Node.js, Express.js, MongoDB, Socket.IO, Tailwind CSS.

Task Management Web App — MERN Stack

- Collaborative project management tool with drag-and-drop functionality, team collaboration, and progress tracking.
- Features include user roles, task assignments, deadline management, and real-time updates.
- Stack: MongoDB, Express.js, React.js, Node.js, Material-UI, JWT Authentication.

Job Portal Web Platform — MERN Stack

- Comprehensive job portal with separate interfaces for employers and job seekers, application tracking system.
- Implemented advanced search filters, resume upload, application management, and automated email notifications.
- Built with RBAC (Role-Based Access Control), file upload functionality, and responsive design.

Personal Finance Tracker — Vue.js + Django REST API

- Web application for expense tracking with interactive dashboards, budget planning, and financial analytics.
- Features include data visualization with Chart.js, category management, and PDF report generation.
- Backend: Django REST Framework, PostgreSQL; Frontend: Vue.js, Vuetify, Chart.js.

Business Portfolio Website — WordPress + Custom Development

- Professional business website with custom WordPress theme, SEO optimization, and content management system.
- Implemented contact forms, service booking system, and integrated social media feeds.
- Achieved 95+ Google PageSpeed score through optimization and implemented responsive design.

Interactive Web Gallery — Modern Frontend Technologies

- Responsive web component library featuring animations, interactive UI elements, and themed landing pages.
- Built with HTML5, CSS3, JavaScript, Bootstrap, and implemented modern design patterns.
- Focused on user experience, accessibility, and cross-device compatibility.

Custom Blog Platform — WordPress + PHP Customization

- Feature-rich blogging platform with custom post types, advanced commenting system, and content categorization.
- Developed custom WordPress theme with PHP template customization and plugin integrations.
- Implemented SEO-friendly URLs, social sharing, and newsletter subscription functionality.

ADDITIONAL TECHNICAL SKILLS

- Programming Languages:** Python, Java, PHP, SQL, R (for data analysis)
- AI & Automation:** OpenAI API integration, Chatbot development, Web scraping, Email automation
- Mobile Development:** React Native, Flutter, Android Studio (Basic)
- Data Visualization:** Chart.js, D3.js, Google Charts for web analytics dashboards
- DevOps Tools:** Jenkins, Maven, XAMPP, Docker basics
- Design Tools:** Figma, Adobe XD (for UI/UX mockups), Canva

EDUCATION

Maharaja Agrasen Himalayan Garhwal University
Bachelor of Computer Applications (BCA) - Web Development Focus

2021 – 2024

WEB DEVELOPMENT CERTIFICATIONS

- Professional Certifications**
- Full Stack Web Development – EXL Services

JavaScript ES6+ Advanced – Online Certification

WordPress Development – Custom Theme Creation

Web Performance Optimization – Google Developers

MERN Stack Development – Industry Training

React.js Professional Development – Bootcamp

API Development & Integration – REST/GraphQL

PROFESSIONAL ACTIVITIES

- **Web Development Content:** Creating and sharing web development tutorials, code snippets, and best practices on YouTube channel.
- **Freelance Web Development:** Delivering custom websites, e-commerce solutions, and web applications to clients globally.
- **Open Source Contributions:** Contributing to web development projects on GitHub and collaborating with developer communities.
- **Tech Community Engagement:** Participating in web development hackathons, coding bootcamps, and technical meetups.
- **Continuous Learning:** Staying updated with latest web technologies, frameworks, and industry trends.

PERSONAL DETAILS

Date of Birth: 08 March 2003

Marital Status: Single

Last Updated: June 2025
